## FSXORBXWeatherThemesBETTER Download

February 7, 2012 - Peter, I'll see if John can learn it, but we're working within the FSX weather engine. You can set grids in topics. .. (well, everything in FSX based on weather) and use them as templates for your own weather packs. In this case, you can use them either as a grid or as a weather-based layer without having to adjust them. I'll see what can be done with this package and if we can help, I'll let you know. To set the grid, use the menu item `â€œEditâ€ (Edit) > â€œCustomizeâ€ (Settings) > â€œTempelsâ€ (Hatching) > â€œNewâ€ (Create).`

## FSXORBXWeatherThemesdownload

February 4, 2011 - This got me interested and did a little research. There are 39 free FS9 weather themes in the Avsim file library that work in FSX.

The ...

\\FlightSim\\Videos\\Clouds\\VFRS9\\Briefing.fmt file looks almost like the original FSX .flt file that I imported into my computer, and it's not that bad. But unfortunately it doesn't work. It doesn't show clouds, no widgets, etc. You can watch the video in the "Clouds" section of the "Briefing" tab in the menu, but there's nothing. Of course, I can just download the original FSX .flt file and use it, but I don't want to do that. Does anyone have any idea how to fix this? dd2bc28256
